SAFETY DATA SHEET
Diethofencarb 25SC

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product name	**POWMYL 25 SC**
Synonym(s)	Diethofencarb 25SC
Product code	AS13-1
General use	Fungicide (plant protection use)
Product description	
SDS Number	LAT000353Z00
Manufacture	**Valent Biosciences LLC** Km. 1 Vía Espinal – Ibagué Espinal, Tolima – Colombia
Emergency telephone number	CISTEMA – SURA 018000 51 1414 Colombia

2. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Description: suspension concentrate
GIFAP Code: SC

Components	Chemical name	w/v%	CAS Number
Diethofencarb	Isopropyl 3,4-diethoxycarbanilate	25	87130-20-9
Solvent etc.	Others		

3. HAZARDS IDENTIFICATION

WARNING: The chemical, physical and toxicological properties of this compound have not been fully investigated and its handling or use may be hazardous. Since toxicity is uncertain, the highest degree of care should be exercised when handling.

Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

4. FIRST AID MEASURES

First aid

General	In all cases of doubt, or when symptoms persist, seek medical attention. Remove contaminated, soaked clothing immediately and safely dispose it.
Inhalation	Move patients to fresh air and leave at rest. If symptoms persist, seek medical advice.
Skin	Remove contaminated clothing immediately. Wash affected area immediately with plenty of soap and water. Seek medical advice if irritation develops. Launder clothes before reuse.
Eye	Rinse thoroughly with plenty of water as long as possible. Eyelids should be held away from the eyeball to ensure thorough rinsing. Seek medical advice if irritation develops.
Ingestion	If the person is unconscious, never give anything by mouth nor induce vomiting. Otherwise, give plenty of water and induce vomiting. Call a physician for treatment advice.

Advice to physician No specific recommendations.

5. FIRE FIGHTING MEASURES

Extinguishing media	Dry chemical powder, carbon dioxide. Big fire: foam, water spray.
Unsuitable extinguishing media	None known.
Special exposure hazards	In case of fire, hazardous gases might be produced
Hazardous decomposition/ Combustion products	Toxic and irritating products such as NOx, CO.
Protective equipment	Wear self-contained breathing apparatus. Wear suitable protective clothing and eye/face protection.
Other information	Water used to extinguish a fire should not be allowed to enter the drainage system or watercourses.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid contact with spilled product or contaminated surfaces. When dealing with a spillage do not eat, drink or smoke.
Environmental precautions	Do not allow spillage to escape into sewage system or into watercourses.
Methods for cleaning up	In case of spill, soak it up immediately with suitable absorbent, such as sawdust or granular absorbent clay, and transfer collected materials to heavy-duty plastic drums and keep them for safe disposal. Do not wash residues into drains or other waterways.
Additional advice	Information regarding safe handling, see section 7. Information regarding personal protective equipment, see section 8. Information regarding waste disposal, see section 13. Check also for any local site procedures.

7. HANDLING AND STORAGE

Handling	General precautions for handling of chemicals should be applied. Provide good ventilation system, or local exhaust ventilation if necessary, in working area.
Fire and explosion prevention	No specific recommendations.
Storage requirements	Store in a dry and cool place where there is no direct sunlight. Keep a container in a well-ventilated place. Keep away from heat.
Other information	Do not mix with water except during preparation procedures. Keep away from food, drink and animal feeding stuffs.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering controls	Provide adequate ventilation system.
Exposure limits	No exposure limits have been established for this material.
Personal protection	
Respiratory	General precautions for handling of chemicals should be applied. Work in a well-ventilated area.
Hand	Wear rubber gloves for protection.
Eye	Wear safety goggles.
Skin and body	Wear suitable protective clothing. Remove soiled or soaked clothing immediately. Launder clothes before reuse. Clean hands and face in intervals and after work.
Hygiene measures	When handling, do not eat, drink or smoke.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Suspension liquid
Colour	Brown
Odour	Characteristic odor
Boiling point/range	Not available
Melting point/range	Not available
Flash point	Not available
Flammability	Not available
Explosive properties	Not available
Oxidizing properties	Not available
Vapour pressure	Not available
Density / Bulk density	1.07
Solubility in water	Not available
Solubility in other solvents	Not available
pH value	Not available
Partition coefficient n-octanol/water	Not available

10. STABILITY AND REACTIVITY

Stability	Stable under recommended storage and handling conditions (see section 7).
Conditions to avoid	Avoid high temperature and direct sunlight.
Materials to avoid	Alkaline materials, oxidizing agents.
Hazardous decomposition products	May emit toxic and irritating gases when in contact with or left by fire (see also section 5).

11. TOXICOLOGICAL INFORMATION

No experimental toxicological data are available for the formulation. The following data are for the active ingredient.

Chemical Name	***Diethofencarb TG***
Acute toxicity	
Oral LD50	Rat: >5000 mg/kg
Dermal LD50	Rat: >5000 mg/kg
Inhalation LC50	Rat (4 hours): >1.05 mg/l (maximum attainable concentration)
Irritation	
Skin	Not irritating
Eye	Minimally irritating
Sensitization	Not sensitizing

12. ECOLOGICAL INFORMATION

No experimental ecotoxicological data are available for the formulation. The following data are for the active ingredient.

Chemical Name	***Diethofencarb TG***
Ecotoxicity	
Fish	Acute toxicity, 96h-LC50 (*Oncorhynchus mykiss*): >10 mg/l
Daphnia	Acute toxicity, 48h-EC50: >10 mg/l
Algae	Acute toxicity, 72h-IC50: 3.7 mg/l

13. DISPOSAL CONSIDERATIONS

Product	Should be taken to a particular disposal site or incineration plant in accordance with current regulations. Consult with site operator and/or the authority responsible for the disposal.
Contaminated Packaging	Discard according to all national and local regulations.

14. TRANSPORT INFORMATION

Sea transport

IMO/IMDG code		**Class**	9
UN Number	3082	**Packing group**	III
Marine pollutant	Yes		
Proper shipping name	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (diethofencarb mixture)		

Air transport

ICAO-TI/IATA-DGR		**Class**	9
UN Number	3082	**Packing group**	III
Proper shipping name	ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (diethofencarb mixture)		

15. REGULATORY INFORMATION

Please follow local regulation.

16. OTHER INFORMATION

This MSDS provides the data believed to be accurate and the information currently available to us. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein.

History

Date of printing	July 18, 2015
Date of first version	July 18, 2015
