Substances of Very High Concern (SVHC) - Statement

The inclusion of a substance on the "Candidate List" according to Article 59(1) of the REACH-Regulation triggers a number of obligations.

Article 31(1) of the REACH-Regulation requires among other things that the supplier of a substance included in the "Candidate List", must provide the recipient with a safety data sheet. According to the recently amended requirements (EU 2020/878) of REACH Annex II the presence of >0.1% of any candidate list substance in a product will be found in section 3 of the EU safety data sheet.

Separate SVHC statements can thus be avoided since 01.01.2023.

Please check section 3 of the products safety data sheet. We aim to include any such SVHC relevant information within four weeks after the publication of new entries on the candidate list on the safety data sheet. Such updated safety data sheet will be resent to all customers that received deliveries during the previous 12 months.

This statement applies to the following products / product lines:

Kaurit®

Kauramin®

Luwipal® 066, 072, 063, 073, 066 LF, 066 ULF, 073 LF

Basopor®

Urecoll®

Hardener 88 liquid

Hardener 423 liquid

Hardener 528 Neo and 529 Neo

We create chemistry
