

# Joncryl® 2570

## Product Description

Joncryl 2570 is an acrylic emulsion for industrial coating applications.

## Key Features & Benefits

- **High gloss**
- **Good adhesion to a wide variety of substrates**
- **Water resistance**
- **Very low VOC**
- **Block resistance**

## Chemical Composition

Styrene acrylic emulsion

## Properties

### Typical Properties

|                    |                   |                      |
|--------------------|-------------------|----------------------|
| Appearance         |                   | translucent emulsion |
| Solids             | % by wt           | 48                   |
| pH                 |                   | 8.2                  |
| Viscosity          | cps               | 500                  |
| Density at 25°C    | g/cm <sup>3</sup> | 8.5                  |
| MFFT               | °C                | < 5                  |
| Tg                 | °C                | - 18                 |
| Freeze-thaw stable |                   | No                   |

These typical values should not be interpreted as specifications.

## Applications

Joncryl 2570 is recommended for applications such as:

- Interior/exterior wood coatings for millwork applications
- Interior/exterior general metal coating applications

## Safety

### General

The usual safety precautions when handling chemicals must be observed. These include the measures described in Federal, State and Local health and safety regulations, thorough ventilation of the workplace, good skin care and wearing of protective goggles.

### Safety Data Sheet

All safety information is provided in the Safety Data Sheet for Joncryl 2570.

## Storage

Please refer to the "Handling and Storage of polymer dispersions" brochure.
