

Cylinder head cover made of Ultramid® optimize performance and reduce cost

Advantages of Ultramid® A3WG7

Improved Performance

- Weight reduction up to **30%**
- Structural stiffness
- Better acoustic through design optimization

Reduced Cost

- Up to **20%**
- Increase productivity (*shorter cycle time, no post treatment*)
- High design freedom (*part integration*)

Product disclaimer

The information and data given here are based on our current knowledge and experience. This does not relieve the purchaser of our products from incoming inspection. The information and data do not describe the suitability of the product for a specific application. Composition - and durability statements - as well as any other statements are not to be considered as a warranty.

The values contained herein are based on analysis/testing of laboratory test specimens and represent data that fall within the normal range of properties for natural materials, unless stated otherwise. Colorants and additives may alter properties.

This information is provided as a service for comparative purposes only and in no way constitutes any product specification or the like. For component design the data contained herein are applicable as guideline only.
